

Winter Package: Regional co-operation

- Where a Member State has declared an emergency crisis level, any increased supply standard or additional obligation imposed on natural gas undertakings in other Member States shall be temporarily reduced
- As long as the supply to households, essential social services and district heating installations in the Member State, having declared the emergency, is not satisfied, the gas supply to non-protected customers in any other Member State, directly connected to the Member State which declared the emergency, shall not continue, in order to supply those households, essential social services and district heating installations
